

## FORTY-THREE STARS

Should be on All National Flags  
Floated To-day.

## ONE MORE STATE IS BORN.

Why the Idaho Bill was Signed by the President on the Third Instead of the Fourth—Lively Debate—Democratic Tactics.

WASHINGTON, D. C., July 4.—The President signed the act for the admission of Idaho as a State of the Union at 10 o'clock this morning.

In signing the bill admitting Idaho to the sisterhood of States, the President has disappointed a number of people in that State who had hoped that the new State would take up her position in line on the Fourth of July. The President, it seems, found that the law ordained that a new star should be placed upon the American flag for each new State on the Fourth of July succeeding its admission to the Union. The President left to Mr. Dubois, the delegate from Idaho, to decide whether to have the bill signed at once and get the star or leave the star upon until July 4, 1892. Mr. Dubois chose the star now, and as a result, the bill has been signed and forty-three stars are due upon the flag to-morrow.

It is said that the bill floated over the Capitol to-day, although neither House will be in session. It is a singular fact that never before has a flag floated on the exterior of that building except when Congress was actually in session. The new Senator-at-large of Idaho, having been aware of this state of things, called Senator Ingalls' attention to the matter. Architect Clark was notified, and the flag floated on the exterior of the Capitol to-day.

Mr. Rogers, of Arkansas, demanded that the bill be signed. Mr. Rogers suggested that there was no necessity to get cross about the matter. Mr. Rogers retorted that the House had had enough of the bill, whereupon Mr. House, in a fit of temper, ordered the Democrats to get out of the House. The request was not acceded to.

Mr. Dorey, of Nebraska, asked consent to offer a resolution requesting the President to sign the bill. Mr. House refused to allow the resolution to be offered, and Mr. Dorey withdrew. Mr. House then announced that the bill would be signed at 10 o'clock to-morrow.

Rejoicing in Idaho.

BOISE CITY, IDAHO, July 3.—The long-looked for news of Statehood was received here directly after the passage by the Senate of the Admission bill. The people in all parts of the State are jubilant and are now celebrating. In Boise City, the permanent capital, all business was suspended on receipt of the news, and a general celebration was commenced. Delegates to the United States of the Republican State Committee, has telegraphed a call for a meeting of the Republican State Committee for the 15th inst., at this place.

## SHORT SESSION OF CONGRESS.

Both Houses Adjourn Until Monday—A Tilt in the House.

WASHINGTON, July 3.—In the Senate today messages from the President as to Indian lands in Kansas, as to postal and cable communication between the United States and the Latin-American States, as to the celebration of the fourth centennial of the discovery of America, and as to the agreement between the Cherokee Commission and the Iowa Indians in the Indian Territory, were presented and referred to the appropriate committees. The adjournment to-day is until Monday.

Mr. Edmunds and Mr. Sherman opposed the motion, and Mr. Plumb and Mr. Gorman advocated it, and it was agreed to adjourn to-day.

Some discussion was given to the Senate bill to establish a United States Land Court and to provide for the settlement of private land claims, when the two parties to the bill were taken up.

Mr. Vest continued his argument against the bill. Referring to Mr. Blaine's anxiety in the matter, he said that he was anxious as Mr. Blaine to the bill, and that he was anxious as Mr. Blaine to the bill, and that he was anxious as Mr. Blaine to the bill.

## NOT IN NEW YORK.

Striking Clock Makers, Held Non-Union Men as They Go to Work.

New York, July 3.—A crowd of about 200 striking clock makers gathered on Broadway between Leonard and White streets this morning at the hour when the hands in Meyer and Jonsson's clock shop at 354, and the Mercantile Clock Co.'s place at 354 Broadway, were going to work. These firms are two of the largest and are battling in the front row of the employer's association against the strikers. When the clock makers appeared and tried to enter the shops they were surrounded by the strikers who forbade them with violence to enter. Some of the strikers were frightened away by the crowd, while those who persisted in the effort to enter the shops were seized and hustled away by force.

In a few minutes a throng for a few blocks was the scene of a dozen running fights. For a short time the strikers held their own. The assailants were plucky, but they were not as numerous as the strikers. As a consequence, the strikers were victorious. The working clockmakers, however, generally got the worst of it. Around Meyer and Jonsson's shop the strikers were not so successful. A dozen strikers came to the door of the shop, dragged him backward on the steps and maltreated him. Joseph Leeburger, a buyer for the house, was taken to the hospital. He had a head wound and a broken arm. He was set upon and so badly injured that he had to be removed to his home in a cab. William Wisner, another operator, received several severe wounds; he was taken to the hospital. He had a head wound and a broken arm. He was set upon and so badly injured that he had to be removed to his home in a cab.
